## ACKNOWLEDGMENT

I have read the "Guidelines for Petitioning to Vacate the Residential Community" and fully understand the financial obligations associated with breaking my Student Housing License Agreement if approved. Students approved to vacate will be assessed a **$250 service fee** for breaking the License Agreement without providing 30 days-notice. Petitions for the Spring semester must be submitted by November 15 to avoid the $250 service fee.

Moving out during the semester requires vacating the Residential Community **within 72 hours** from the time you have dropped your classes. Approved petitions for the Spring semester will need to vacate within 24 hours of your last Fall final or by 11 a.m. on December 19, 2026, whichever comes first. We highly recommend submitting a "pending" request if you are uncertain about your grades, acceptance to another school or other personal circumstances. **A final decision of a pending request must be received in writing to housing@sonoma.edu by January 9, 2027.**
